Packing and Shipping:

Packaging and Shipping for Dimmable LED Light Bulbs

Dimmable LED light bulbs are packaged with maximum care and shipped out with utmost safety. We make sure that each bulb is individually packed in a sealed box to protect against moisture, dirt, and dust. After each box is sealed, it is then packaged in a larger shipping box with foam or paper cushioning to ensure that the bulbs remain in place during transit. We also include a user manual and installation instructions for each bulb in the package.

We offer next-day delivery of our products in most areas, and all orders are shipped out within 24 hours of purchase. We use standard shipping services with tracking to make sure that you receive your bulbs in perfect condition. As soon as your order is shipped out, we will send you an email with the tracking information so you can easily track your order.
