Support lighting DIY

Applications:

Support and Services:

We provide technical support and services for Indoor LED Spotlights.

Our technical support includes providing troubleshooting and resolving of technical issues and product defects. We also provide assistance in setting up and configuring Indoor LED Spotlights to ensure optimal performance.

We provide services such as installation, maintenance, repair, and upgrades. Our technicians are available to provide onsite service visits to help resolve any technical issues you may encounter. We also provide preventative maintenance services to ensure your Indoor LED Spotlights are running at peak performance.

If you have any questions, please do not hesitate to contact us. Our friendly customer service team will be more than happy to assist you.

Packing and Shipping:

Packaging and Shipping

Indoor LED Spotlights are packaged in corrugated box, after being carefully inspected. Each product is individually bubble wrapped and placed in the box. The box is secured with foam to prevent movement during transport. The box is then labelled with the product details. The product is then shipped to the customer.
